Community Sheds are spaces originally set up for men and women to connect, converse and create. The activities are often similar to those of garden sheds, for groups to enjoy together.

They help reduce loneliness and isolation, but most importantly, they're fun.

Our Story

The Jed Shed is Jedburgh's Community Shed, created in 2014 with assistance from Age Scotland. We are located in a venue owned by Jedburgh Community Trust, where we operate an upstairs workshop with a downstairs lounge for our all important tea & coffee breaks.

All our tools and equipment have been resourced through kind donations or purchased with funds raised from the sale of our bespoke and handcrafted items.

Our members are involved in many diverse projects, ranging from bird houses & feeders, planters of all sizes, small craft items and board games to upcycled and recycled furniture.

We are also involved in many community projects, as with the High Street flower

boxes and maintaining our 'Happy to Chat' bench area on the Ramparts. You will also find us at the Jedburgh High Street markets.

Our unique handmade items are available for sale direct from our workshop or in our new display window which has been kindly offered by

**Mrs Moose Knits
7 Market Place.**
